

## Candidates Named For Expected June Election

Three political parties within the district have nominated candidates to contest the Didsbury constituency seat in the provincial legislature in an election that is expected to take place this summer.

Mr. J. L. Owens of Carstairs, the sitting member, will again carry the colors for the Social Credit party; the Liberals have chosen W. Howick of Three Hills and the Progressive Conservatives will go with Doug Mann, a Carstairs district farmer.

All parties are very active behind the scenes at the present time and it is expected the date of the election will be announced shortly. The Social Credit party have held power in Alberta since 1935; at which time they took over from the now-defunct U.F.A. party.

### BRITISH COLUMBIA FREE OF DEBT

In a recent report from Victoria Premier W. A. C. Bennett said that while other provinces are piling up their debt, British Columbia will burn its paid-up bonds and become free of net debt August 1st.

He said the bonfire ceremonies are set for his home town of Kelowna. The event will coincide with the seventh anniversary of the coming to power of the Social Credit government in 1952.

Commenting on reports that a number of states in the U.S. are "broke", the premier said there have been a number of inquiries about Social Credit from the states. He did not elaborate as to the sources of the inquiries.

He noted that Alberta under Social Credit had become the first debt-free province in Canada. Many said it was the great oil boom in that province which had turned the financial tide but "the less oil they ever struck was the day they elected Social Credit to power."

### ZELLA NEWS NOTES

In spite of the prevalent flu epidemic, quite a large crowd was on hand for the pleasing program sponsored by the Zella W.I. at the Community Centre on Wednesday evening of last week. Solos were sung by Mrs. Royal Cook, Judy Johnson, Doug Hansen, Janice Owens and Tony Spooner.

A piano recital was played by Judy Conrad; Rita Christensen and Jim Jackson entertained with a piano and violin duet. Highlight of the program was a Shakespearean drama presented by Otto Pasa and Wilfred Owens.

Donations for the Cancer Society and proceeds for the lunch counter amounted to \$48.

Mrs. Cliff Gibbs spent the past two weeks as a patient in the Didsbury hospital.

Miss Lillian Youngs of Edmonton visited last weekend at the Jim Johnston home.

On Sunday Mr. and Mrs. Jim Johnston and Judy and Miss Lillian Youngs motored to Granger. They were accompanied by Mr. H. O. Youngs, who had spent the past two weeks visiting with his daughter, Mrs. Jim Johnston.

Mr. and Mrs. Wilbur Jehuke motored to Camrose on Sunday. Mrs. A. Oppen, who had been visiting in Camrose for the past two months, returned home with them.

At a meeting of the Harmattan Home and School Association on Tuesday evening, the guest speaker was Mr. Jones, inspector with the highway traffic board, safety division. He also spoke to the school children in the afternoon.

The Zella congregation extend an invitation for all to join them in a special Mothers' Day service on May 10th. Sunday school at 9:45 a.m.; regular church service to follow at 10:30 p.m.

## Do You Drive A Car ? ? ?

Then, of course, you have car keys. Ever lost those keys? You can get them lost safely and promptly if you have a War Amps Key Tag fastened to your car keys. The War Amps miniature Key Tags are in the mails now. If you get promptly and return 35 cents to 740 Bay Street, Toronto, you protect your car keys.

You keep 35 War Amps working. You add War Amps groups in Alberta. All you do is return 35 cents to the War Amps when you receive your miniature Key Tag by mail. For 60 cents you can have a duplicate key tag.

### LOCAL MERCHANT VISITS UNITED STATES

Mr. G. C. Leeson of Leeson Hardware recently attended a three-day Sales Meeting in Milwaukee, Wisconsin that was sponsored by Cummins Portable Tools, division of the John Oster Manufacturing Co.

The meetings were held in the company's auditorium on April 20, 21 and 22nd. All dealers attending the Cummins meeting received instruction in merchandising, demonstration, and service of Cummins Portable Tools.

Certificates showing completion of the factory training program were awarded to all dealers attending the meeting.

### FALLEN TIMBER

(From Our Own Correspondent)

Mrs. Christine Hayes who has been living at White Horse the past year has been visiting her children and friends in the District.

A farewell party was held in the school for Mr. and Mrs. T. Vanholland and family who moved to a farm, four miles west of Didsbury. Miss Edna Bruhn had the misfortune to fall striking her head against a sharp object, necessitating several stitches.

Mrs. O. Moore of Calgary is spending a few days with her son and daughter-in-law, Mr. and Mrs. Bob Moore and family.

It seems that scarlet fever is again prevalent in the district. Mr. Pat McGaffin has completed his studies at the University of Edmonton, and commenced to teach the grade five room at Breton, on May 1st.

Mr. Gary Moore of Calgary is spending several days at the home of Mr. and Mrs. Johnny Howton. Visitors at the W. Pyten home Sunday were Mr. and Mrs. R. Carle of Calgary, Mr. and Mrs. H. Koehn and family, and Mr. and Mrs. B. Scott.

Mr. Pyten spent the weekend at the home of Mr. and Mrs. Barry McMullen.

Mr. and Mrs. Joe McOstin were Sunday dinner guests at the McOstin home in Cremona.

Miss Anne Marie McGaffin spent the weekend with June Monney. Mr. D. Saig and Allen were visitors at the home of Mr. and Mrs. S. Morrison on Sunday.

### JUST THE MAN . . .

Employer: "For this job we want a responsible man."  
Applicant: "I'm the guy you're looking for. Everywhere I've worked, when something went the wrong way, they told me I was responsible."

### Western Grain Farmers To Benefit From New St. Lawrence Seaway

As a result of the opening of the St. Lawrence Seaway Western Canadian grain farmers will enjoy higher earnings, a new industrial empire will develop in the province of Quebec and Canada will be able to increase export trade.

These predictions were made by T. R. McLagan of Montreal, president of Canada Steamship Lines in an interview last week, while he stopped over in Calgary on the way to Vancouver to attend a ship-building conference there.

"Western Canada will profit to some extent by the fact that the cost of carrying grain down the St. Lawrence River has been reduced because we are able to send our big ships to the Great Lakes down to Montreal and beyond."

"The big saving is in grain because you don't have to tranship it at Kingston and Prescott into smaller ships to Montreal. The savings will be passed on to the producers and will reflect in greater earnings," Mr. McLagan explained. Quebec will now be able to ship iron ore to other parts of Canada, the U.S. and Europe in a way they could not do before.

The seaway will increase Canada's export trade of raw materials, especially iron ore. But the seaway will not upset to any degree established patterns of shipping, rail and highway freight structures or cause additional labor troubles, Mr. McLagan predicted.

## Pipes Still Moving . . .

Regardless of the nasty weather, the unloading of 30 car-loads of material for the Alberta Gas Trunk Line has been proceeding at a steady pace from the local C.P.R. yards. More carloads of pipe are expected when the present stock has been unloaded.

Unofficial reports have it that most of the crews will be in this area for at least four months. The Didsbury Board of Trade have made an appeal to anyone who may have board and room, or even a room available to accommodate workers on the pipe-line, to contact Mr. C. G. Leeson, phone him at 372 if you are interested.

### DID YOU KNOW ? ?

We've been peekin' around and we found out the other day that the Ladies' Curling Club handed over a cheque for \$228 to the Curling Club building fund; a fine effort, no less! This amount was raised by holding pools on the recent N.H.L. playoffs.

Other groups, male or female, could help in the same way, by dreaming up some money-making scheme that would add to the coffers of the curling club in the forward venture to improve the sporting picture in Didsbury. Think it over!

### MOUNTAIN VIEW

(From Our Own Correspondent)

Mr. and Mrs. Walter Scheidt and children motored to Chipmunk on Saturday to spend the weekend with Mrs. Scheidt's family.

Mrs. Frank Brown of Ft. MacLeod and Mr. Norm Wipple of Pincher Creek visited Tuesday with Mr. and Mrs. Charles Snyder and family.

Mr. J. D. Thomas and Ron were upper guests of Mr. and Mrs. Charles Snyder Sunday evening. Mr. and Mrs. Alfred Snyder and family were evening visitors also.

Mr. David Hughes of Edmonton is spending a few days at the home of Mr. and Mrs. David Pratt and family.

### ALBERTA SAFETY COUNCIL REPORTS LESS ACCIDENTS

Alberta's safety record for the first quarter of 1959 showed marked improvement over the same period for last year, according to a study of police reports made by the Alberta Safety Council.

The traffic death rate was down by 27.3 percent, the injury rate was down by 17.8 percent, and the accident rate was down by 12.6 percent. When do the insurance rates go down?

### South West Didsbury

(From Our Own Correspondent)

Miss Audrey Wall of Didsbury was a Sunday guest of Miss Sharon Hunsperger.

Mr. and Mrs. J. Shrader of Bowden were recent visitors with Mr. and Mrs. Fred Befus.

Mr. G. Meyer accompanied by Mrs. E. Bartz and Mrs. O. Meyer Sr. motored to Calgary on Monday.

Mr. and Mrs. R. Zubeck and children visited with the Fred Befus family over the weekend.

Mr. and Mrs. Carl Meyer visited with Mrs. Meyer's father, Mr. Arnold at Innisfail hospital on Sunday; also with Mrs. E. Crosatto at Bowden.

### GUIDES AND BROWNIES TO SELL COOKIES

The annual Girl Guide and Brownie "cookie day" will be held this year on Saturday, May 9th.

This is one of the main projects of the year for the girls and early Saturday morning there will be blue and brown uniforms flitting all over town trying to swell the funds for the Guides and Brownies.

Let's lend a hand and be prepared when a Brownie or a Guide calls your way on Saturday. Your co-operation and buying power, will add to the advancement of the Guide and Brownie groups in the immediate area.

## Obituary

### METTA KATHERINA BODE

Shortly before press time we learned of the passing of Mrs. Metta Katherina Bode. She died on Tuesday, May 5th, at the age of 69 years.

Funeral services will be held from Redeemer Lutheran Church, Didsbury on Friday at 2:30 p.m. Rev. E. B. Fox will officiate and interment will follow in Didsbury cemetery.

## Harmattan News

(From Our Own Correspondent)

The Hall Club met at the home of Mrs. Ted Green on April 29th for their monthly meeting. It was decided to paint the hall as soon as possible and to continue having dances on the third Friday of the month all summer. Door prize was won by Mrs. O. V. Johnson. Next meeting to be held at Mrs. Johnson's.

Judy Conrad entertained several of her friends at a birthday party on Tuesday April 28th. Miss Rita Christensen visited with Judy for the weekend.

Mr. and Mrs. Maurice Dube left last week for Three Hills, where Mr. Dube will be employed on the pipe line.

Mrs. Bill Crawford and family of Cochrane are at present visiting with Mrs. Donnie Dodd.

Bobbie Peterzen was a patient in the Olds hospital.

Mr. and Mrs. Jim Jackson moved to Westerdale where they will take up residence.

### BIRTHS AT THE DIDSBURY MUNICIPAL HOSPITAL

To Mr. and Mrs. D. Perkins of Didsbury, on May 2nd, a son.

To Mr. and Mrs. F. Riddle of Carstairs, on April 29th, a son.

## W.I.'s Hold Handicraft Display

The Women's Institutes of the Didsbury constituency held their annual handicraft display and tea in the Didsbury school auditorium on Saturday, May 2nd. In spite of the wintry day there were many in attendance.

The judges were Mrs. Moore of Aik and Mrs. Carney of Olds. Mrs. Reider and Mrs. Burr judged the plants.

Mrs. Ed Klinek took over the duties as handicraft convener for Mrs. E. Dupont Sr., who was unable to attend.

Mrs. A. Robertson, home economics convener, was in charge of the home canning, baking and table decorations. Bancroft W.I. won the most red ribbons and took the trophy for this year.

Each branch had a separate table for their display, which seemed to prove very successful.

Rusby W.I. catered for the tea, with members of other branches serving in shifts during the afternoon.

A full list of the winners is not available at this time.

## Former Resident Dies In Calgary

Cecil Herbert Ashhead, 71, of 210-23rd Ave. N.E. died Tuesday, May 5th, 1959.

Born in Madoc, Ontario, he came west in 1889 with his parents, the late Mr. and Mrs. H. B. Ashhead of Calgary.

He served with the R.A.F. during World War 1. When he returned he resided in Calgary until 1921 when he moved to Didsbury and operated a garage for 18 years. While in Didsbury he served on the town council and school board. He was active in the Liberal party and the Canadian Legion. After retiring in 1939 he took up residence west of Olds, returning to Calgary in 1948 where he has since resided. He was past master of the King Hiram Lodge No. 31, A.F. and A.M. Didsbury.

He is survived by his wife, Martha Winnifred of Calgary; three daughters, Mrs. Mel Pearson and Mrs. Vic Curtis, both of Calgary, and Mrs. Allan Berthel of Bowker, and one sister, Rose of Calgary.

Services will be held at Gooder Brothers Funeral Chapel, Friday at 1:30 p.m., with interment in Queen's Park Cemetery.

## Westcott News

(From Our Own Correspondent)

Mr. and Mrs. Dave Gilchrist and baby daughter, of Edmonton, spent last week with the latter's parents, Mr. and Mrs. Jack Robertson.

Mr. and Mrs. Herbert Goetjen accompanied their son Leslie and Miss Orion MacIntosh of Calgary to Veteran last weekend where they visited Mr. and Mrs. Leyle Johnson. Mrs. Johnson and the children returned with them so they could be present this weekend at the Goetjen MacIntosh wedding.

Congratulations to Mr. and Mrs. Fred Luft on the arrival of their fourth daughter.

Mrs. J. Jacobsen and Mr. and Mrs. Linder, Jacar, of Westcott went to Calgary Sunday to attend the christening of Susan Joyce, daughter of Mr. and Mrs. Lee Jacobsen at St. Calvary Lutheran church.

The party later attended a dinner given at the home of Mr. and Mrs. R. Burton of Calgary.

The provincial bridge crews are making repairs to the Westcott bridge at the present time.

### SPECIAL SERVICES AT UNITED MISSIONARY CHURCH

Last Sunday evening the Gideons brought an interesting and informative service to the Didsbury United Missionary church.

On Sunday morning the Junior and Nursery departments of the Sunday school will give a Mother's Day program during the Sunday school hour. Rev. H. A. Traub, district superintendent, is tripart superintendent, will be speaking both morning and evening.

### TODAY'S CHUCKLE . . .

Half the lies you hear nowadays aren't true! Believe us.

### Local Pastor To Attend Spring Rally

The Kootenay Zone Walther League in British Columbia has sent an invitation to the Rev. E. B. Fox to attend their spring rally to be held at Creston on Monday, May 18th. Pastor Fox has been asked to conduct the opening service and later in the afternoon to lead a topic study. The local congregation has granted their Pastor permission to attend the Kootenay Zone rally.

The Chinook Zone Walther League, taking in all of southern Alberta and also their spring rally on Monday, May 18th, at Jehovah Lutheran Church, Calgary. A large number of Leaguers from Didsbury will be attending the Calgary rally.

## COUNTY SYSTEM URGED FOR RURAL MUNICIPALITIES . . .

Forty delegates from Central Alberta rural municipalities were urged to adopt the county system of municipal government during a meeting in Red Deer recently.

Charlie Hayes, president of the Alberta Association of Municipal Districts, predicts that "within five years the entire province will be made up of counties." He said the provincial government has endorsed the principle but is not pressing for acceptance.

Mr. Hayes told the meeting, government authorities are letting the municipal districts make up their own minds whether to become counties or remain M.D.s. "From past experience municipalities that are now counties on trial basis have voted unanimously to remain as counties," he said.

## THIS FORECAST CAME TO SOON ???

Seldom, since commercial wheat growing began at the turn of the century, have our Prairie farmers faced such a combination of uncertainties, says Gordon L. Smith in The Financial Post.

The ground is so dry in some areas that they don't know whether the seed now being sown will germinate or grow. If it does will the strawshoppers get it?

And finally, supposing there is another good growing season and a fair crop is produced, where and when will world markets burst under record cropover, can they hope to market it.

But farming has always been a gamble, and wheat growing perhaps the biggest gamble of all.

If farmers at seeding time stopped to think of all the hazards they face, Western Canada would still be virgin buffalo pasture.

Dr. F. J. Greenway,

## SEED TREATMENT A SOUND INVESTMENT

The treatment of seed grain — wheat, oats, barley and flax — is the best and cheapest form of crop insurance that can be bought today. Why? Because effective seed treatment prevents smut and other seed-borne diseases of grain crops. It also protects seed and young seedlings from soil-borne organisms that cause seed decay and seedling blight and checks soil-borne insects, particularly wireworms. It thus helps to establish stronger stands and to produce bigger yields of better quality grain crops.

Approved Chemicals. Chemicals containing mercury (Agrox C, Certosan M, Leytosan, Melasol, Panogen, and others) are more generally effective for treating the seed of cereals and flax than any other class of compounds. Where wireworms as well as smut and other diseases are to be controlled the dual-purpose or combination treatments (Albion, Merganma C, Leytosan G, and others) are recommended.

Treatment Facts. It is good insurance to treat seed of wheat, oats, barley and flax every year. The seed should be thoroughly cleaned first, and then properly treated with an approved chemical. Remember, not thorough and uniform mixing of chemical and seed is essential for best results. Time of treatment is also important. Unless otherwise specified by the manufacturer, seed of wheat and flax should be treated at least 24 hours before it is sown, and oats and barley at least one week in advance of seeding. Don't overdose the seed. Follow carefully the "government approved" directions given on the label of the chemical container.

Poison Warning. Mercury is poisonous. Under no circumstances may mercury-treated seed be sold for storage or sale at a licensed country elevator. Neither should it be fed to livestock. In treating seed observe strictly the cautions given on the labels.

Yes, seed treatment is a sound investment. Plant only cleaned, treated seed in 1959.

### Election On The Way ???

At the time of writing the people's choice, Premier Manning seems very reluctant to name the date of the next provincial election; he and his cabinet also seem to be very reluctant to come forward with any plans about the cut "our town" is going to get out of the vote-catching five-year plan. Let's hear something about the latter question before we decide how to mark our ballot when the expected election day does roll around; let's have a little insurance on some of the rumors that have been floating around; let's have some action, but soon! We trust our M.L.A. is tuned in — he should have some of the answers.

### Weather On The Rampage . . .

The recent heavy snows and below zero temperatures have caused the slowing up of spring work but the moisture has been more than welcome. However, some early plants and small trees have suffered a bit. Time to turn the tap off now for awhile so the farmers can really get on the land — and the town loaders can get in a little goli, that's if and when they can duck that elusive flu that has been so prevalent in the district during this spell of unsettled weather.

### And A Lovin' Kiss To . . .

All mothers within the range of this wee column. If you can't have your family under your wing on your big day, we certainly hope you'll be hearing from them in one way or another. Keep smilin' Mom, see you next year, same time, same place!

### Another Famous Quote . . .

"A woman's final decision is not necessarily the same as she makes later!"

## HOW FERTILIZER BOOSTS YOUR PROFIT ON

## WHEAT

### YOU CAN MAKE UP TO \$8.00 PER ACRE MORE!

Actual field tests show how your net profit per acre of summerfallow wheat is boosted by the use of Elephant Brand Fertilizer.

In the table below, note that the increased profit figure takes the cost of fertilizer into consideration. An increased profit of over \$8.00 per acre is certainly worthwhile.

Fertilizer per acre	50 lb. 11-48-0 (Cost \$2.70)*
Increased yield per acre	9 bu. (worth \$10.80)
<b>YOUR INCREASED PROFIT PER ACRE</b>	<b>\$8.10</b>
<b>OR \$810.00 ON 100 ACRES OF WHEAT</b>	
* Fertilizer cost figures per acre are approximate.	

When properly fertilized, wheat grown on stubble land will show an equally profitable return per acre . . . For greater net profit per acre from any crop on any soil, contact your Elephant Brand dealer listed below for the right information.

It pays to use

**Elephant Brand FERTILIZERS**

AMMONIUM PHOSPHATE	11-48-0	AMMONIUM SULPHATE	21-0-0
AMMONIUM PHOSPHATE-SULPHATE	16-20-0	NITRAPHOS	21-0-0
AMMONIUM NITRATE PHOSPHATE	23-20-0	COMPLETE FERTILIZER	19-20-10
AMMONIUM NITRATE PHOSPHATE	27-14-0	AMMONIUM NITRATE	34-0-0

### What To Do After A Traffic Accident

A list of do's and don'ts for use following a traffic accident has been offered by a motor club official.

In offering the suggestions, the official reminded motorists that while many are innocent victims of traffic accidents, every such mishap, regardless of who is to blame, imposes certain definite and clear-cut obligations on everyone involved.

"Although no one plans on a traffic accident," the club official said, "it is a good policy to know exactly what to do in that unlikely event. In fact, the wise motorists will keep a list, such as the one that follows, in the glove compartment for immediate use."

Here are the suggestions:

(1) STOP! Hit and run driving is a criminal offense. Then, wait on-coming traffic, or have someone else do it, if you are injured.

(2) Call a doctor to treat the injured, if any. Don't move accident victims unless it is absolutely necessary. Don't administer first-aid unless you know what you're doing. However, keep the injured warm while awaiting medical help.

(3) Call the police, if the accident is at all serious. Identify yourself and give the police any information they require. However, do not make any statements as to liability. Statements made at the time of an accident carry great weight in court, and you may find that your original conception of the accident was erroneous. Do not discuss the accident with witnesses.

(4) Have your car moved out of traffic, as soon as it is feasible after the accident.

(5) Prepare a written record of the accident, including a diagram. If you have an accident form, fill it out completely. Such a record should include: name, address and driver's license number of other operator, his tag number, make and model of his car; names and addresses of all occupants of other cars as well as those of witnesses; name of attending doctor, if any; and hospital to which injured were taken; description of damage to both cars and the circumstances under which the accident occurred.

(6) Submit a report to your insurance company. Even if you are not to blame and anticipate no claim against you, you will be pay-

### Guest Editorial

#### WHAT IS THE NTH DEGREE IN MURDER

This question has been raised in Alberta and British Columbia this week by the fact that death sentences on two murderers were commuted to life imprisonment and in the third case the Federal Cabinet refused to interfere and the hanging took place early Tuesday morning.

One can calculate the inner feelings on the relatives of that one convicted man who was called upon to pay the supreme penalty for his crime. They will be asked why his case was so different from the two where sentences were commuted.

The reason for refusing to interfere with the death sentence pronounced by the court in the first place were not made public by the Cabinet.

The Feschuk murder in Edmonton was most brutal. The other murder out at the coast was an act of jealousy, where the accused shot his brother point blank. The third case involved a member of the armed services, so maybe here lies the mystery.

You who are old enough to remember the days of so-called prohibition in Alberta will recall that the bootleggers got away with almost anything and everything till that man Piccolo down in the Crows Nest Pass shot a policeman who dared to challenge his son's right to drive a bootleg car of booze through the Pass towns. Right then and there the law and the courts pounced down on the unholy situation and it was not too much later that the people voted in government control of the sale of liquor within the province.

Piccolo and his lady accomplice, Mrs. Lassandro, were hanged. That was the end of an era. We would hate to have to sit on a board which was charged with the responsibility of determining whether a man should die by the hand of the law or be doomed to a lifetime of confinement within prison walls.

— Camrose Canadian

ing it safe to report the accident to your company. It is usually a requirement of your insurance contract.

## WHAT CAN I DO FOR YOU?

Your bank manager is easy to meet — and a good man to talk things over with. Not just because he knows a lot about banking, but because he can be counted on to apply that knowledge and experience to your particular need.

To him, banking is more than dollars and cents, more than figures in a ledger. To him, banking is the opportunity to work with people — through bank services to help with your problems, your hopes and plans. That is what he has been trained to do. That is what he likes to do. You'll find he's a good man to know.

SERVICE  
BOARD  
NOTES  
— By —  
W. K. ENYDER  
Agricultural  
Service BoardUSING ALDRIN TO KILL  
SWEET CLOVER WEEVILS

1. Wash out your sprayer tank  
very thoroughly. Fill with water  
and add two pounds ammonia for  
each 50 gallons water. Circulate  
this solution through the pump,  
hoses and valves. Shut off and let  
this remain in the tank for at least  
24 hours. Drain out and again  
flush thoroughly. You are now  
ready to proceed with spraying the  
insecticide.

2. Sweet clover weevils can be  
killed with aldrin if following in-  
structions are carefully followed.

3. Adjust your tractor and spray-  
er to deliver eight gallons of water  
per acre, 10 gallons would be  
better. This can be done by adjust-  
ing pressure and speed of travel.  
Aldrin 20% has 2 lbs. technical  
poison per gallon and one pint  
contains 4 ounces actual poison.  
This is a minimum treatment per  
acre and the rate may have to be  
doubled in some cases where adult  
weevils are encountered. Mix al-  
drin with the water in the tank at  
the rate of one pint for every acre,  
and then proceed with your spray-  
ing just the same as if you were  
spraying for weeds.

4. This material is very poisonous  
and must be handled with care.  
Use gloves when handling the con-  
tainers. Do not inhale the fumes  
and do not spray in a wind or even  
a heavy breeze, since a great deal  
of the effectiveness of the weevils  
would be dissipated by the wind not  
allowing the chemical to settle  
down directly on the weevils and  
on the sweet clover.

5. Aldrin is a contact as well as  
a stomach poison. If they are con-  
tacted by the spray itself they will  
cease feeding immediately and die  
within 48 hours. If by chance they  
escaped the spray but eat the  
sprayed foliage the aldrin will act  
as a stomach poison and accom-  
plish the same results. At the  
above rate the cost of this will run  
about 75 cents per acre for a min-  
imum treatment, you should not  
use less than one pint per acre.

6. The residual effect of this  
poison will remain on the foliage  
up to 14 days. Livestock should  
not be permitted to graze in a field  
treated with aldrin until after 15  
days have elapsed.

MAY 27th NOT  
FAR AWAY . . .

May 27th, 1959, may be a very  
important date in the world's his-  
tory. That is the date that Khrush-  
chev says he wants the Western  
allies to get out of Berlin, or else.  
The Western allies are not going to  
get out of Berlin on Khrushchev's  
che's orders, so it becomes or else!  
This could mean anything. It  
could mean world conflict. It  
could mean the reasonable reason-  
able settlement of a difficult prob-  
lem in diplomacy . . . or it could  
mean the continuance of the cold  
war. No country wants war, but  
someone must be ready to swallow  
some personal pride to save the  
situation.

WAR AMPS KEY  
TAG SERVICE

Say, Mr. Motorist. Did you get  
a miniature car license key tag in  
your mail? If you didn't — you  
will — shortly. The War Amps are  
sending one to every car owner in  
Alberta. 520,000 of them. All you  
do is to mail 35 cents back to the  
War Amps Key Tag Service, 740  
Bay Street, Toronto. If you want  
to keep the duplicate tag, send 60c.  
The address: 740 Bay Street, Tor-  
onto.

Farm Women's Week  
And Alumni Reunion

A very full summer program is  
scheduled in June, July and August  
at the Olds School of Agriculture  
and Home Economics. Two events  
deserve special mention because of  
their interest to the groups con-  
cerned.

Farm Women's Week is scheduled  
from July 26th to July 23rd. This  
event started in 1930 and has been  
held each year since. It has also  
spread to the other Schools of Ag-  
riculture. A special effort is being  
made to make the '59 program one  
of the best yet. Farm Women are  
urged to mark their calendars and  
keep the week free.

The summer Alumni Reunion  
date has been announced as Fri-  
day, August 7th by Walter Scheidt,  
Association President. A large at-  
tendance of former students from  
all the years since the school opened  
in 1913 are expected. Gradu-  
ates of 1934 (25 years), 1940 (19  
years) and 1954 (5 years) are be-  
ing specially honored. Each year  
the classes honored gather in good-  
ly numbers and Mr. Scheidt expects  
that this year will be no exception.

## WEDDINGS

**KREBS — RENNIE**  
A very pretty candlelight wed-  
ding took place on March 28th, in  
the Evangelical church, Didsbury,  
at 6:30 p.m., when Miss Patricia  
Rennie, youngest daughter of Mr.  
and Mrs. J. W. Rennie of Didsbury,  
became the bride of Mr. Harold R.  
Krebs, son of Mr. and Mrs. Emil  
Krebs of Didsbury.

Given in marriage by her father  
the bride wore a full length gown  
of white net and lace over satin,  
with lily point sleeves. Her finger  
tip veil melted from a crown. The  
bride's bouquet was of red roses,  
and her only jewellery was a pearl  
necklace, a gift of the groom.

Attending the bride were Miss  
Joan Milton of Calgary as maid of  
honor; Mrs. Doran McEwen and  
Mrs. Shirley McEwen, sisters of the  
bride as bridesmaids. They wore  
identical gowns of blue satin and  
carried blue carnations. The bride  
was preceded down the aisle by two  
flower girls, Sheila McEwen, niece  
of the bride and Daphne Roberts,  
niece of the groom, both wearing  
dresses of dotted blue organza.

Mr. Donald Krebs, brother of the  
groom, was the best man. The  
guests were ushered by Mr. Stan  
McEwen and Mr. Glen Roberts.  
They wore matching white dinner  
jackets and charcoal pants.

Miss Bonnie Clarke, of Calgary,  
sang "The Wedding Prayer" as the  
brideal couple stood at the altar.  
She was assisted by Mr. Ken Sher-  
rick at the organ.

The double ring ceremony was  
performed by Rev. C. Hallman of  
Calgary.

The bride's mother wore a dress  
of printed green silk with coral  
accessories and a corsage of coral  
roses.

The groom's mother wore a navy  
dress with white accessories and a  
corsage of red roses.

The reception was held in the  
church basement immediately after  
the wedding for one hundred  
guests. A beautiful three-tiered  
cake centered the bride's table. The  
toast to the bride was given by Mr.  
Bill Milton of Calgary, and was  
responded to by the groom. Mr.  
Stan McEwen acted as master of  
ceremonies. The wedding gifts  
were on display at the home of  
the bride's parents.

A wedding dance was held at  
Melvin Hall and "Open House" for  
the bride and groom at the home of Mr. and  
Mrs. Emil Krebs.

For travelling the bride and  
groom wore matching suits of char-  
coal. The bride's accessories were  
blue and her corsage was of red  
roses.

Following a trip to Great Falls,  
Montana, the happy couple will  
make their home in Calgary.

## ANOTHER CHUCKLE . . .

Life: An everlasting struggle to  
keep money coming in and teeth  
and hair from coming out.

## CHRISTIAN SCIENCE

Scientific understanding of the  
man of God's creating brings true  
health and security.

This is the theme to be set forth  
at Christian Science services, Sun-  
day in the Lesson-Sermon entitled  
"Adam and Fallen Man."

Scriptural selections will include  
the account in John (9:1-7) of the  
healing by Christ Jesus of the "man  
which was blind from his birth."  
Correlative passages read from  
"Science and Health with Key to  
the Scriptures," by Mary Baker Ed-  
dy will include (47: 32-4): "Jesus  
beheld in Science the perfect man,  
who appeared to him where sin-  
ning mortal man appears to mortals.  
In this perfect man the Sav-  
our saw God's own likeness, and  
this correct view of man healed  
the sick. Thus Jesus taught that  
the kingdom of God is intact, un-  
iversal, and that man is pure and  
holy."

# NOTES FROM The District Agriculturist HOWARD FULCHER

Dry conditions and wind will blow pulverized, exposed soil. When land drifts through wind erosion it is the fertile part which is carried away and the less fertile left behind. A bad blow with accompanying soil drifting will lower the fertility of land to such an extent that such cost and time is entailed before the productivity is regained.

One of the best guardians against erosion of our land by wind or water is a protective covering. The trash cover (residue of previous crop) should not be burned after the winter protection has been provided.

This trash cover should be kept near the surface and can be readily incorporated into the soil and will continue to protect the soil from erosion. This residue will break down and as it decomposes it makes available plant foods for the growing crops.

Do not burn the stubble and straw in the spring. This procedure eliminates the protection from erosion and destroys the organic matter which will provide plant food. In addition, the intake moisture capacity of a soil is governed by the organic matter content; this factor is important in preventing water holes developing.

Pulverizing of the land, that is breaking it down until it is of a dusky condition, should be avoided. Some of our machines will pulverize more than others. Tandem disc is one of the pulverizing machines. Cultivators, on the other hand do not pulverize. Machines used, especially the disc type, will pulverize when the speed is great.

We are seeing considerable wind erosion this spring, many of the fields are in such a condition that they are subject to it. Some of this erosion could be cut down by spreading manure or ridging the exposed edges. To prevent erosion on other fields incorporate all the trash possible, do not burn it off. Trash covers as well as plowing the soil, break down adding organic matter to the land.

## SO TRUE! SO TRUE!

There may be something to horse sense after all. How often do you see horses collide?

## LIGHT YOUR WAY...

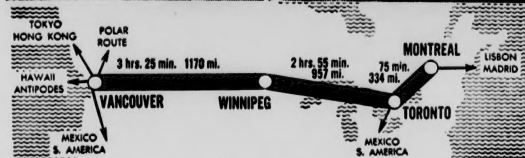

## ... WITH BIBLE STUDY

Have you ever taken time out to check your prayers? I am thinking, in particular, of this question: What is the ratio of your prayers in respect to spiritual and temporal blessings? Which of these two do you emphasize most?

When we pray, so very often the ratio is six to one in favor of temporal blessings. That means most of our prayers are concerned about things of this earth, this our life. In the prayer that our Lord taught us, the reverse order is true. The Lord's Prayer is six to one in favor of spiritual blessings. One petition out of the seven asks for temporal blessings. It is "Give us this day our daily bread."

When we pray these words, we first remind ourselves that all that we have in earthly things is a gift from God. Yes, we must work for all things; but without God's blessings we would have nothing. All these our earthly things He gives "us". That means, He gives to all people. And it is "our". What God gives me is not mine to hold selfishly for myself. He gives me what I need, but at the same time looks to me to be ready to share it with my fellow-man. And this especially, with those who are less fortunate than I am. "This day-daily" God provides what I need today - this day. I know, that as my loving Father, in Christ Jesus, He will also provide for tomorrow. Therefore, I should not worry nor fret about the future. God will provide. And finally, we look at the word "bread". In this one word, everything we need, food, shelter, clothing, happy home, peace, good friends, devoted spouse and children - everything is included.

Here I pray for all temporal blessings. But God gives all these things also to non-Christians, unbelievers. Why then should I pray? The difference between the Christians and the non-Christian is this, though both receive bread from God, the Christians acknowledge the gifts as coming from God, whereas the non-Christian does not. Just one more thought, Do you say grace at meals? Or do you just take your meals for granted?

**NEW CANADIAN AIR SERVICE:** One of Canadian Pacific Airlines new 400 m.p.h. Britannia aircraft streaks across the above layout as it will through the skies of Canada in May 4 when CPA's new daily cross-Canada service links Montreal, Toronto, Winnipeg and Vancouver.

Cutting one hour, 25 minutes from existing commercial airline flying time between Vancouver and Montreal, CPA will become the first Canadian airline to provide tourist accommodation in a jet-

prop plane. Upper left, Capt. Jim McGuire explains to passenger the "Eye in the Sky" radar unit installed to detect weather disturbances ahead of the airliner so that the rough air may be avoided. Upper right, stewards and stewardesses from Germany, China, Holland, France and Japan who operate on CPA's international routes fanning out from each end of the new cross-Canada service. Lower left, meals on tables and continental cuisine will be features of both

tourists and first class service when operations commence. Lower right, pilots learn how to fly the Britannia in a flight simulator, exact replica of the plane's flight deck. The operator, seated behind pilots, flicks switches to create every type of in-flight situation which a pilot might encounter. At bottom, route map indicates mileage and eastbound flying times between cities to be served by CPA, and also shows international connections at each end of new route.

## THE LOCAL NEWSPAPER MAINTAINS ITS INFLUENCE

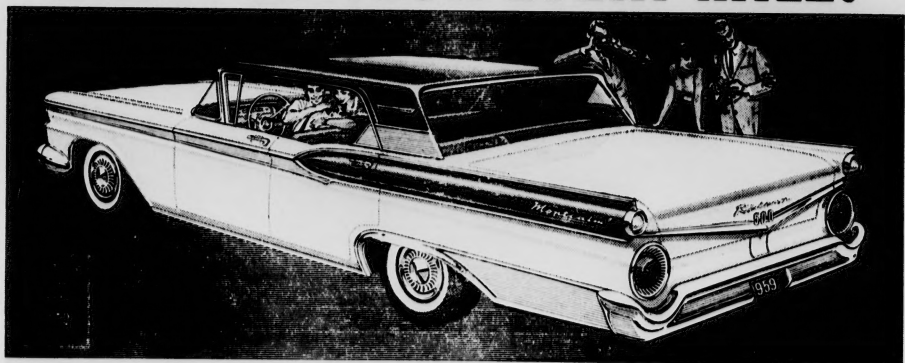

- How often a successful executive, far from his small-town birthplace — maintains his contacts through regular receipt of his weekly newspaper.
- There is nothing quite like a small town weekly for neighborly news and intimate contacts.
- People in the advertising business talk about selected audiences — sharply focused circulation. They have learned from experience that when a publication is specially edited to appeal to the specific interests of a smaller group of people, its opportunities to make sales are multiplied many times over.
- The weekly newspaper is that kind of publication. Whether its circulation is a few hundred or a few thousand, it represents effective circulation.
- Gather the towns-people and farm folk around you when you advertise. Surround yourself with friendly neighbors — deliver your advertising message through your local weekly newspaper.

**58.2 Per Cent of Canada's population live in places of 10,000 or Less. THESE ARE WEEKLY NEWSPAPER MARKETS.**

## DISTRICT NEWS

### M.V.B.C. NEWS

(From Our Own Correspondent)

The campus is very quiet now, only a few former students are staying here until the president's house is finished. Mr. and Mrs. Lavern Traub have moved into the apartment vacated by the Witts. Lavern is a member of our faculty, teaching piano while he finishes his piano work with the Toronto Conservatory of Music.

The choir was greatly appreciated wherever they went on their tour. The young people were encouraged each place they sang and received many real compliments for their singing.

The Witts said farewell to their friends here on Thursday evening. Mr. and Mrs. Taylor and Mrs. Butler entertained them at dinner during the week and Miss Eby had them for dinner and some of the others on the campus for coffee on Thursday afternoon. They have shipped their things to Montreal, while they themselves are making their way to the east as they visit in Mr. Witt's home in Seattle and various other places along the way. They will attend the annual missionary board meeting before sailing for Gural, West Africa, early in June.

Miss Leona Harder and Mr. Kooki were dinner guests in the home of Miss Gladys Eby Friday evening. Leona has been a member of Miss Eby's Sunday school class for a number of years. Friday evening a lovely shower was held for Miss Leona Harder in the dining room of the college. Some 30 ladies were present and lovely gifts were presented to the bride-to-be. Mrs. Anderson, her sister, helped her with the many gifts. Lunch was served by the ladies. All of us wish Leona the best in life as she goes with her husband to the station where he is posted in the east, Pembroke.

Some of the young men have taken work with the Shannon Construction Co. and will be working in the far north during the summer. Some others have gone on their own into the northland and will work there. Others have gone to Banff to work. There seems to be a lot of work for young folk who really want to work for we have had a number of calls from Banff for help.

### OTTAWA REPORT

By E. M. WOOLLIAMS, M.P.

In the Committee of Estimates on Agriculture, I made three recommendations in reference to the same:

1. That I believe a new Royal Commission should be set up, similar to the one that was set up in 1937, to investigate the prices of farm machinery; to find out why that machinery costs so much money; to ascertain how many dollars worth of labour goes in to making a combine etc.; and how much profit the machine companies are making and the general scale of salaries of the executives, etc.

The cost-squeezing that the farmer finds himself in is caused by strife between management and labour which continues without any end to increase the cost of everything the farmer buys.

2. That a proper allocation of box cars be made and that a real effort move be made to increase the number of freight trains to country sidings to make certain that a large quantity of wheat can be delivered in the fall of each year, so that grain quotas can be met on time and increased so that highly productive farms can deliver their produce to obtain capital for operation without having to pay high interest rates to finance their farm operations on capital borrowed because grain cannot be delivered.

3. That the Wheat Board Regulations be looked into so that there can be inter-provincial trade between the provinces. Why should there be trade barriers from one province to another? Would the change, however, effect the overall picture.

These were personal suggestions made by myself in the House of Commons last week. I would appreciate receiving comments from the farm population and others in the province of Alberta.

## Little Items of Local Interest

Miss Valeta Watkin of Edmonton visited here at the weekend with her parents, Mr. and Mrs. Ed Watkin.

Mrs. Hawthorne of Olds was a visitor in town this week with her son-in-law and daughter, Mr. and Mrs. Wm. Brose.

Mr. Axel M. Nielsen has purchased the John MacFarlane half section lying to the west of his present property. This will increase the size of his farm to a section and a quarter and fits in very favorably with the expansion of his dairy herd.

Tulips for Mother's Day at your favorite shopping centre - Berch's. They're direct from the Pacific Coast and will warm Mom's heart come Sunday morning.

LAC Bill Reimer left last week to spend a three-year tour of duty with the R.C.A.P. in France. Bill is the son of Mr. and Mrs. C. P. Reimer of Didsbury.

## LOCAL CHURCH ANNOUNCES SUMMER SCHEDULE

Redeemer Lutheran church has changed the time of the morning service to the summer schedule. All services henceforth will begin at 10:30 a.m., followed by Sunday school, Junior and Senior Bible classes.

Services at Sundre will be held on the first and third Sunday of each month in the Canadian Legion hall. The services at Sundre will begin at 3 p.m. Sunday school and Bible class is also conducted after the services.

BY KATHLEEN CARNEY

I am pleased to have the opportunity to take on some of the extension work in the district for the summer months. As you probably all know Miss Howard was taken ill in February, however, it is very encouraging to learn that she is improving and I am sure we all wish her a speedy recovery.

The week of May 11th to 16th has been designated as Roasting Chicken Week. Why not serve chicken at least once that week? Here are some of the rules to keep in mind when roasting a chicken:

1. Place bird, breast side down, on rack in uncovered pan with no water or grease added. Baste occasionally with fat during roasting. Turn bird on back to brown uniformly during last hour of roasting. Birds may be wrapped and roasted in parchment or aluminum foil. Remember that the shiny side reflects heat, the dull side absorbs.

2. There can be no set rules for time required to roast poultry. A chicken, 4 to 6 or 8 pounds, dressed weight should roast approximately 30 minutes per pound at 300-325 degrees F.

To test for doneness run a metal skewer or long fork into the thickest part of the breast, also into thigh (next to breast). If meat is tender and juice does not show a reddish tinge, the bird is done. If using a meat thermometer placed in the centre of the thigh it should read 190 degrees F. or if placed in centre of stuffing, 180 degrees F.

A good bulletin, Poultry Guide is available, free of charge from "Marketing Branch, Consumer Section, Canada Department of Agriculture, Ottawa.

Another excellent bulletin avail-

## Coming Events

—There will be a dance in Mountain View hall on May 8th; Fathers orchestra; sponsored by the hall board.

—The Didsbury Kinamen Club will hold a dance in Mountain View hall on May 29th. Fisher's orchestra.

—There will be a dance at Lone Pine Hall on Friday, June 12th, Fisher's orchestra. Raffle to be held. Sponsored by Lone Pine Oracles Girls' Club. 15-50c

—Eric Rattledge, optometrist, assistant to K. Roy McLean, announces the date of his next visit as Monday, May 11, morning only at the Rosebud hotel. Consult in city office, 1014, Greyhound Building, in Calgary. 17-20c

—Knox United Church W.A. will hold a Mother's Day Tea and Bake Sale in the church basement on Saturday, May 9th at 2:30 p.m. 17-20c

—Why not pick up a book from the Didsbury Library when you are shopping on a Saturday evening? Your local library is situated in the town office, and is open from 7 to 9 on Saturday evenings.

—St. Cyprian's W.A. will sell fresh tulips on Saturday, May 9th at Campbell's Food Store.

—St. Cyprian's W.A. will be selling Mother's Day tulips on Saturday, May 9th, in Campbell's Food Store. 17c

## Squirrel Cage ...

It's hard to set the world on fire. Some one will always throw water on your efforts.

Most children are so fascinated with fireworks that they can't wait for them to come up — roots and all.

Medical specialization has reached such a state today that patients have to learn to diagnose themselves before they know which specialist to call.

When one is not very clever, one is in need of a very, very good memory.

## Those Booze Dollars ...

Canadians are sometimes scolded for spending more money on liquor than on schools, says The Financial Post.

Such exhortations are well-meant but of doubtful validity. There is a point that is usually overlooked by the exhorters.

Dollars spent on liquor and dollars spent on schools are the same dollars.

The Ontario budget will illustrate. Last year the province took in \$66 million in liquor profits and spent \$96.5 million on school grants.

The people who spent that \$66 million on booze would not have helped the cause of education by abstaining. On the contrary, they would have forced the government either to reduce its help by two-thirds or to increase taxes substantially.
